

How you can help at home?

Please encourage your child to read every day, for at least 20 minutes. Reading is so important and it will help your child to achieve well in their other subjects in school, too. Please fill in their reading journal, giving them lots of praise for the effort that they make. Please give your support with their Maths and English homework. We would also encourage the children to continually practise their times tables at home so that they are well prepared for the challenges of the Year 5 Maths curriculum. Spellings are given out on Fridays and are to be learnt at home for their spelling test on the following Friday.

Homework:

(15 minutes Reading/Spelling/No. Facts) + 3 Maths- Mon, Wed and Fri and 2 Lit/Topic homework on a Monday and Friday

<p>English</p> <p>This term, we will be exploring the historic narrative poem, The Highwayman. We will learn sections of the poem by heart and use it as the inspiration for our own narrative poems.</p> <p>We will also be looking at the Anglo-Saxon poem, Beowulf, which includes lots of poetic features and challenging language. We will be writing diary entries and narratives based upon the poem.</p>	<p>R.E.</p> <p>Ourselves - We are made in the image and likeness of God</p> <p>Life choices - The call to life and love within the community; marriage.</p> <p>Hope - Advent is the church's season of waiting in joyful hope for the coming of Jesus, the promised one, at Christmas and at the end of time.</p>	<p>Science</p> <p>Properties and Changes of Materials - learn about different materials, their uses and their properties. Dissolving, separating mixtures and irreversible changes.</p> <p>Living things and their Habitats - how living things are classified into broad groups according to common characteristics and based on similarities and differences</p>
<p>Mathematics</p> <p>This term the children will learn to read and write numbers to 1 000 000, and will compare numbers, make number patterns and round numbers. They will add and subtract within 1 000 000. They will find multiples, factors, square numbers and cube numbers. They will multiply and divide 3 digit and 4 digit numbers. They will solve word problems,</p>	<p style="text-align: center;">Autumn Term 2019 Year 5</p> 	<p>Computing</p> <p>My Online Life - to improve children's knowledge of the risks of their online lives and to develop online skills.</p> <p>Steam Challenge - to collaborate with others to develop and improve work. To use the skills they have already developed to create content using unfamiliar technology.</p>
<p>Art and Design</p> <p>Personal Art Journey</p> <p>We will be exploring the work of British artist, Goldsworthy. We will make scientific illustrations, still life, printing, 3D sculptures and use textiles.</p>		<p>D.T. - Pencil cases</p> <p>Write their own design criteria. Design products with the user in mind, thinking about aesthetics and functionality. Make a paper template and how to sew a running stitch, backstitch, whip stitch and blanket stitch.
