They will evaluate types of bread from around the world before designing and baking their own bread product.</p>

**How you can help at home:** By reading each week with your child as well as practising weekly spelling lists that will be sent home. Children should learn multiplication and division facts for the 3,4, 6 and 8 times table and so it would be great if you could rehearse these at home too.

**Homework** Weekly spelling test along with Reading books. Children will also be given Maths work such as learning times tables.
