

Scientific Vocabulary Upper Key Stage 2

Working Scientifically

Variables
Dependent variable
Independent variable
Controlled variable
Precision
Degree of trust
Scatter graph
Line graph
Casual relationships
Support/refute
Controlled

Biology

Sexual
Asexual
Germination
Pollination
Stamen
Stigma
Micro-organism
Organism
Fungus
Vary/variation
Adaptation
Inherit/inheritance

Chemistry

Soluble
Electrical conductivity
Thermal conductivity
Dissolve
Solution
Soluble
Insoluble
Solute
Solvent
Particle
Filter
Sieve
Residue
Reversible change

Physics

| | |
|-----------------|--------------------|
| Magnetic force | Light source |
| Mechanisms | Electrical circuit |
| Levers | Positive/negative |
| Pulleys | Voltage |
| Gears | Current |
| Transfers | Planets |
| Solar system | Spherical |
| Rotate/rotation | Orbit |
| Axis | |
